Electives (9 cr.):	9
***Students will select 3 elective courses (9 credits) in consultation with a Jobs International Business Minor advisor from an approved list available on the College website and in the Office of Student Services (Jabs 124).	

Total Credits	30
----------------------	-----------

Students interested in the Int'l Business minor must meet with the Int'l Business minor advisor, Dr. Myleen Leary (Myleen.Leary@montana.edu) to discuss electives as soon as possible, and complete the Int'l Business minor worksheet at least one year prior to graduation. The worksheet can be found here: www.montana.edu/business/forms/IB-minor-worksheet.pdf

Students are responsible for all pre-requisites (for all the minors and certificates listed in this handout). See online catalog for pre-requisites; contact Jobs Office of Student Services with questions: business@montana.edu

In accordance with the Board of Regents' policy, students must earn a C- or better in all courses in a minor or certificate.

Please scan the QR code for advising information and to connect with a Jobs Academic Advisor.

WRIT 221 – Intermediate Technical Writing	

Total Credits	30
----------------------	-----------

CERTIFICATES

There are two certificates available for degree seeking MSU students that are not pursuing a business degree:

The Business Certificate is for non-business majors who want an overview of business concepts in order to enhance their future career success, but do not want to pursue a full 30-credit business minor. The goal of the certificate is to enable non-business students to learn how to apply fundamental concepts in economics, accounting, finance, management, and marketing to solve basic business problems.

The Entrepreneurship Certificate is intended to provide non-business majors with an overview of the business startup process in order to prepare them to start their own businesses or non-profit organizations. The certificate is part of an effort by the Business College to expand its offerings to non-business students who seek to apply their disciplinary knowledge to launch a new business or non-profit but who lack the basic business and entrepreneurial skills necessary for start-up success.

Please see website (www.montana.edu/business/current-students/minors.html) or visit Jabs 124 for more information.
