## 4-H Hazzenings

**New FCS Agent Riley Larson** 

Hi Fergus/Petroleum County 4-H families! My name is Riley Larson and I'm thrilled to introduce myself as your new Family and Consumer Sciences & 4-H/Youth Development Extension Agent. Growing up on a farm in Conrad, Montana, I was a ten-year member of 4-H which fueled my passion for youth development.

During those 10 years, I dove headfirst into 4-H, participating in a wide range of projects, from cooking and babysitting to showing horses and cattle. This diverse experience allows me to truly understand the value and reach of the 4-H program.

Recently, I graduated from Montana State University with a Bachelor's Degree in Agricultural Extension. Now, I'm excited to bring my knowledge and enthusiasm to Fergus/Petroleum County! I'm happy to be in Lewistown and eager to meet all the fantastic 4-H members, volunteers, and families!

Also, on day 2 we hope to have boats available to take members out onto the lake to swim, tube, ski and knee board. That night we plan to have a nice dinner and possibly music. Day 3 will again just be lake fun before we pack up and come home.

#### Food Safety for 4-H Food Booth Due July 15th

We will not have someone here in time to teach a Food Safety class this year, but I have asked Sarah and she said we can use her link she put together last year. The email that it is attached to is no longer active and so what we are asking is that after you complete the training, take a screenshot of your computer screen or phone screen, or take a picture of your computer screen and email that picture into the office along with a list of everyone who sat through the training session with you. We are going on good faith with these, but it is important that everyone who is going to be working with food, is up to date on the food safety rules. Again, everyone needs to be certified in this, since everyone is required to work 1 shift at the food booth at the Central Montana Fair.

Link: Food Safety - Fergus County Extension | Montana State University

Please watch for emails- if you are due, you should have received several emails by now.

#### TQA Date- Online Due July 15th

If you are taking an animal (market and non-market) you need to complete TQA in order to bring your animal to the 2024 Central Montana 4-H Fair.

TQA is now available online, if you have a member who is due for TQA still, you will have received an email with the link to the PowerPoint and the questions you need to answer. The completed questionnaire can be emailed, mailed or dropped off to the Extension Office.

Please contact the office if you have any question.

Early tear-down is in violation of the Fair Book!
