## Air Rifle Events

All scoring will be done using the Orion Scoring System. If there is a challenge, there will be a \$10 challenge fee and if you are found correct that will be returned to you.

All scoring rules apply as in the current National Standard Three-Position Air Rifle rules. This is a sporter class match for air rifles so, no precision rifles or clothing will be allowed. All events are 10 meter and eyewear is mandatory. Coaches may assist young shooters to the point of pumping up the rifle.

**Air Rifle Prone:** Shooters will shoot 3 targets for score from the prone position. Shooters are responsible to shoot the appropriate target as tie breakers. 30 shots

**Air Rifle Three Position:** Shooters will shoot 3 targets for score; prone, standing, and kneeling. In that order.

**Air Rifle Standing:** Shooters will shoot 3 targets for score from the standing position. 30 shots. The standing position will be approximately 40 ½" NOT the standard 55", due to shorter target backstops.

**Scoring:** All scoring for air rifle will be done using the Orion scoring system and the scores will be updated as soon as targets are turned in. The scores can be viewed at [orionresults.com](http://orionresults.com) and the match will be called Broadus Sharp Shooters Invitational 2025, followed by the discipline that was chosen.

No flash photography during the rounds please. Set cell phones to silent or have them shut off. Non-competitors must remain in the designated spectator areas. The range commanders and event leaders have ultimate authority on ranges. Notify the range commanders of any problems or questions you may have as soon as possible. OBEY ALL CEASE FIRE COMMANDS IMMEDIATELY. By registering for this event, you agree to all rules as set forth in the application.
